Carol Kinney lead the beginners group today.

AOS Guide to Orchids & their Culture is available to member societies at ½ price. Beth Martin made a motion to buy one box at the special price and make them available to members. At the June meeting we will assess whether we should buy a second box.

A Lord & Burnham greenhouse has been donated to the society. It is a lean-to greenhouse with a sink and Eskabe heater that uses gas but no electricity. The society has priced it at \$300, to be offered to members and if no one is interested, it will be listed for sale on Craig's list.

There have been a number of orchid books donated to the society. There is a bookseller in Florida that would be interested in selling them. Send the list to Ingrams and send it to members with a deadline on it and follow up with a second email. The point was made that the society should be more interested in selling the books to members regardless of price, than trying to get the highest price for them.

MAOC will be September 13th through 15th in Milwaukee, WI. The speakers are Fred Clarke and Wenqing Perner.

The auction was a success. The next auction will be September 8th.

The next meeting is June 9th and the speaker is Leon Glicenstein.
